

Science

Our science focus is on all living creatures and their habitats. We will learn about the common processes of all living things. As well as identifying which objects are alive, dead or have never been alive.

RE

This half term in RE, the children will learn about Islam, including belief in Allah, Muhammad (pbuh) as His messenger, worship in mosques, the Five Pillars of Islam, and the Islamic Creation story.

D&T

We will be learning some new food preparation skills such as grating, chopping and peeling in order to make our very own soup.

PSHE

. This term our focus is "Me and my relationships' Through discussions and activities we will identify what makes an effective classroom environment, what emotions we might feel in different situations and also what qualities make a good friend.

Maths

In maths we will be consolidating our previous knowledge of place value and extending it to numbers up to 100. Later on in the block we will be practising our addition and subtraction skills.

Year 2: Block 1 Our World

ICT

We will be.

PE

This term we will be taking part in gymnastics lessons, learning how to make shapes and link skills together. We will also learn how to manage risks while having lots of fun during Forest Schools

Geography

Our work will begin with locating the 7 continents and 5 oceans of the world. Then we will study Peru, India and Australia, researching the physical features of the countries, along with flags, local cuisines and capital cities.

English

We will be learning the story Stone Soup using our story telling skills of **hear, map, step, speak**. Later on we will rewrite the story in our own words and write instructions for how to make our own soup. Our grammar work will focus on nouns, adjectives and contractions.

Music

We will be listening to and appraising music, as well as identifying the pulse of different pieces. We will compose our own rhythms using a graphic score.
